Address: BTM Layout, Bangalore, Karnataka
Portfolio: maneeshwaran.vercel.app

OBJECTIVE

Motivated and self-taught B.Sc. Computer Science graduate (2025) with a passion for full-stack web and mobile development. Adept in building responsive applications using Angular, Tailwind CSS, Node.js, and PostgreSQL. Eager to apply problem-solving, UI/UX knowledge, and team collaboration skills to real-world projects.

EDUCATION

National College , Tiruchirappali

Bachelor of Science in Computer Science

2022 - 2025

TECHNICAL SKILLS

Frontend :
- HTML5, CSS3, SCSS, Tailwind CSS
- TypeScript, Angular, Ionic

Backend & Database :
- Node.js, Express.js
- PostgreSQL, Sequelize ORM

Tools & Platforms :
- GitHub Desktop , PG Admin
- Postman API, VS Code

UI/UX Design :
- Figma (Web & Mobile UI design), Canva
- Responsive Design (Mobile-first, Cross-browser)

Hosting :
- Vercel , Render

Other :
- Python (Familiar with core syntax, loops, conditionals, and RESTful API basics.)
- DSA in JavaScript , RESTful APIs

PROJECTS

1. OnlyTurf — Turf Booking Platform

A full-featured platform for users to browse and book sports turfs.

- Built using Angular, Tailwind CSS, Node.js, PostgreSQL
- Turf owner dashboard, booking system, image gallery, and Google Maps integration
- Deployed on Render (Backend) and Vercel (Frontend)

2. Gentle Luxe — E-Commerce Web App

Minimalist online store for showcasing and purchasing luxury clothing.

- Features include product listing, cart, customer/admin login, and order checkout
- Implemented secure authentication and multi-step checkout
- Used Sequelize with PostgreSQL and hosted on Render

3. Skilld – Online Learning Platform (In Design Phase)

Collaborative project with a Figma designer to build an educational platform.

- Focused on study resources, notes, and AI support for learners
- UI being designed in Figma for implementation in Angular + Node.js

SOFT SKILLS

- Strong Communication
- Self-Motivation & Discipline
- Team Collaboration
- Problem Solving
- Adaptability & Fast Learner
